 2018**

Edenbridge Angling Society is a well established club which has been going for over 70 years. We have an excellent mixture of lakes ponds and rivers.

There are always other members around to help and offer advice along with our bailiff who is round at least twice a day.

The venue does have a site toilet and a hard path all the way round for access and plenty of parking.

Although the society does have other waters this membership is only valid for this one water and is intended as a starter introduction to fishing.

The lake offers good quality fishing from Roach up to some very large Carp with everything in between.

With its safe and secure location our premier purpose built lake is an ideal starter venue to take the whole family for a pleasurable days fishing.

We are pleased to offer a family membership to the venue that is valid for a whole year apart from a few selected dates due to competitions.
